

## Power Supply + ON/OFF Switch

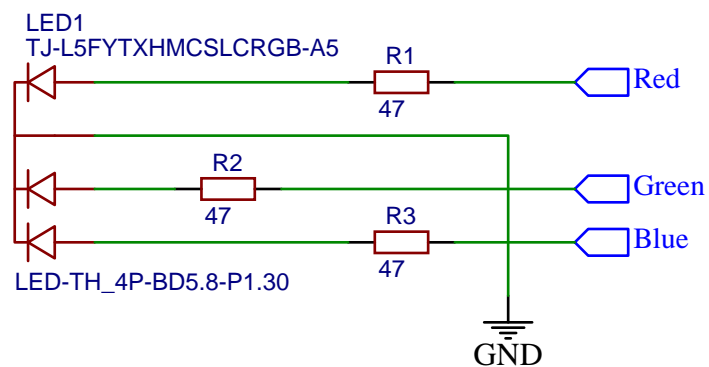

(\*) CR2032 3V bat. holder  
 - At 3V Vcc, ATtiny85 consumes 2.5mA m á x.  
 - CR2032 is rated at 210mAh, this circuit should last ~8h (total current: ~25mA)

## ATtiny85

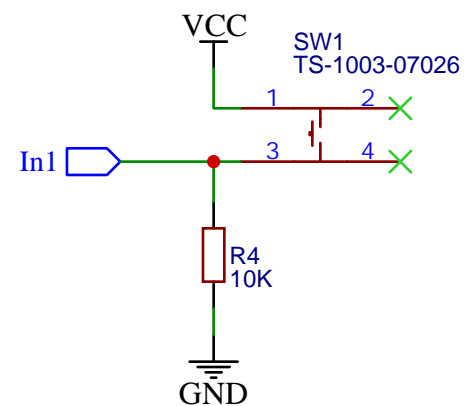

## Circuit Interface

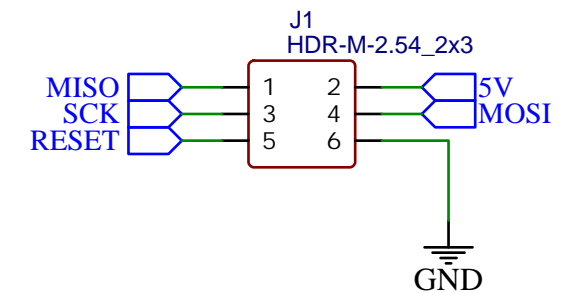

### RGB LED

### Tactile button w/ pull-down resistor

### ISP Interface
